

Attention Pittsburgh Employers

We would like to make you aware that there are **other requirements** your company is subject to in addition to posting your City of Pittsburgh posters in a conspicuous location.

- All employers are also required by law to post state and federal labor law posters, and Poster Compliance Center publishes state and federal posters in multiple formats. - In addition, all employers must also include the name, address, and telephone number of the Pittsburgh City Controller along with a statement advising workers that they may contact the Controller and request an investigation.

Depending on a company's industry, type of commerce, sector, location or workforce, additional specialized notices may be required by federal, state or local governments or agencies. Examples could include notices for federal contractors, notices that must be posted for the public or job applicants (in addition to those posted for employees), a labor law notice required in another language for employees who do not speak English, public sector notices, signage that must be posted at a specific location in your business such as the entrance, or a notice that can only be obtained through an insurance company.
